EDUCATION AND TRAINING

01/09/2023 – 30/06/2025 San Juan de la Rambla, Spain

HIGHER TECHNICIAN IN MULTI-PLATFORM APPLICATION DEVELOPMENT IES San Juan de la Rambla

- Software development and object-oriented programming
- Web and mobile application development
- Database design and management
- User interface development
- Data access and programming environments
- Multimedia programming
- Version control and software deployment
- Business management systems

Level in EQF EQF level 5

01/09/2025 – CURRENT Puerto de la Cruz, Spain

HIGHER TECHNICIAN IN NETWORK COMPUTER SYSTEMS ADMINISTRATION IES Puerto de la Cruz - Telesforo Bravo

- Linux system administration
- Network configuration and services
- Server administration
- Virtualisation
- Databases
- Web server administration
- Scripting and automation
- Cybersecurity and system security
- Hardware and operating systems
- Deployment and maintenance of IT infrastructure

Level in EQF EQF level 5

WORK EXPERIENCE

SYSTEMS AND AI INFRASTRUCTURE ADMINISTRATOR – LÄBERIT – 01/05/2026 – 30/06/2026 – SANTA CRUZ DE TENERIFE, SPAIN

- Deployed a local AI infrastructure on Ubuntu Server using Docker, Nginx, Ollama and Open WebUI.
- Participated in the implementation of a RAG system with document indexing, embeddings, semantic retrieval, PostgreSQL and Qdrant.
- Supported troubleshooting, technical decision-making and documentation of the system architecture and network infrastructure.

AI AUTOMATION TECHNICAL LEAD (ERASMUS+ INTERNSHIP) – BEYONDCART – 01/03/2025 – 31/05/2025 – SOFIA, BULGARIA

- Designed and implemented an AI-powered voice agent for commercial prospecting using n8n and Vapi.
- Integrated automated call workflows and contact management processes.

- Defined the technical architecture and coordinated the technical tasks of the team.
- Documented the solution to facilitate its maintenance and continuity.

● SKILLS

English

Web and Systems Administration

Windows Server administration | Backup and recovery | IT infrastructure | Linux | Server administration | Nginx | Web server administration | Cloud computing

Networking

Computer networks | TCP/IP | Network configuration | Network troubleshooting

Virtualisation and Containers

Docker | Virtualisation

Databases

PostgreSQL | MySQL | SQL | Database administration | MongoDB | Database management

Development and Automation

Bash scripting | Python | Git | GitHub | REST APIs | Automation | JavaScript | CSS | HTML | Software development

Technical Support

IT troubleshooting | Technical support | Hardware troubleshooting | Software deployment | Technical documentation

Soft Skills

Teamwork | Communication | Problem solving | Attention to detail | Adaptability

Cybersecurity

Cybersecurity | System security | Network security

● LANGUAGE SKILLS

Mother tongue(s): **SPANISH**

Other language(s):

	UNDERSTANDING		SPEAKING		WRITING
	Listening	Reading	Spoken production	Spoken interaction	
ENGLISH	B1	B1	B1	B1	B1
GERMAN	A2	A2	A2	A2	A2

Levels: A1 and A2: Basic user; B1 and B2: Independent user; C1 and C2: Proficient user

● PROJECTS

01/04/2026 – CURRENT

Cesta++

Cesta++ is a real-time collaborative shopping list application built with Next.js, React and TypeScript.

Link <https://cestapp.insforge.site/>

01/05/2026 – CURRENT

Cuestionario.online — AI-Powered Quiz Platform

Developed and deployed a web application for creating and completing quizzes, with AI-based generation of questions from PDF documents. Worked on frontend development, backend integration, document processing and production deployment.
